## FACILITIES

### Entry & Parking

- There is a new entrance to TISC located at the easternmost end of the facility, opposite the shed building and where the portable restrooms used to be.
- There is parking outside the gates of the facility. **Do not leave valuables in cars.**
- Trailers will be parked further along the road from the entrance and parking. We highly recommend you bring a trailer lock.
- Anyone not competing in or coaching the regatta will not be allowed inside the facility. There are viewing areas on the south side of the boat yard that spectators may watch from.

### Venue

- On Saturday, TISC will also be hosting a blind sailing program in keelboats. To accommodate them, and especially to mitigate noise issues, we ask the following:
  - Stay away from the sheds (they have tables and whiteboards outside) located along the waterfront inside the facility, especially when they are occupied, as this is where the blind sailors will be learning and eating.
  - Keep powerboats close to the ramp to provide room for the keelboats.

- When the blind sailors are walking from the sheds to the docks, keep clear of the group and keep your voices down. This will allow them to feel much more secure and therefore move quicker and safer.
- Rotations will happen from the ramp and the dock on the left of the ramp. Do not use the long dock along the boat yard or the ladders to get down.
- Do not congregate to the right of the boat ramp (when looking down the ramp), above the long dock and near the crane, for safety purposes and to leave an area for the blind sailors.
- Boats will be stored in front of the large dinghy rack, and after launching dollies bring them up the ramp and place them against the wall on the left, or against the boat rack on the right.
- Bathrooms are located along the fence to the carpark, near where the old entrance used to be.
- Take all your trash with you. There will be trash bins but we incur costs to use them.

## ELIGIBILITY

All participants in the regatta must adhere to the protocols outlined in the ICSA competition medical guidance document. Schools must submit an attestation form to the ICSA before they are allowed to compete.
