

The weather is predicted to be quite spicy for the Peak Foliage tomorrow, 18 to 25 mph. It is a sailor's decision to sail. Be prepared to sail in breeze over 18 mph.

Courses may be Course 4's, Course 5's, a Butterfly course and/or a Wildcat Course. Courses will be posted on the official notice board and reviewed at the Competitors Meeting.

The water is still somewhat suitable for immersion, but the temperatures will be chilly. However, please Dress for Success.
