

Directions to Courageous

Cans and vans can drop off at [Pier 4](#) and then park on our neighboring [Pier 3/Baxter Road](#).

Pier 3 Parking:

- Pier 3, also known as Baxter Road, is at the end of 5th Street. You can also use DC Beane (a construction company with a building on Pier 3) as your GPS destination. It's OK to park there even though signs say that it is not.
- Park facing the water, not up against the building.

From Pier 3, walk around the drydock, past the giant octopus (you'll know it when you see it!) and the turquoise umbrellas, onto Pier 4.
