

CORINTHIAN YACHT CLUB

2026 NEISA Match Race Championship

Maine Maritime Academy & Corinthian Yacht Club

October 3-4 (Rescheduled date)

Information for competing teams

Maine Maritime and Corinthian Yacht Club are looking forward to hosting the 2026 New England Match Race Championship. We have prepared the information sheet to help teams plan for the event.

Location and Parking - The club's address is:

Corinthian Yacht Club

1 Nahant Street

Marblehead, MA

01945

Parking is plentiful on the side streets which surround the club. Pay attention to the signs – and please do not park in a way that obstructs resident driveways.

If you are arriving from the north or west, we suggest driving a route which does not take you through Salem. The fall season brings a significant influx of people to Salem – especially on the weekends.

Coaching platform – Coaches will be stationed as close to the racing area as possible on 3 19-22 foot powerboats. Assignments will be made at the competitors meeting.

Flags – We will provide teams with the needed match racing flags including protest, breakdown and blue and yellow backstay flags.

Radios – **It is very important that each team bring a working VHF radio.** The race committee will make courtesy broadcasts and communicate as needed using VHF radios. This is critical to our efficiency.

Registration and Weigh ins – Registration will take place in the club's Harbor Room. Teams will be asked to sign waivers and provide a credit card for a damage deposit (it will not be charged unless there is an incident).

Upon entering the club, turn left and go through the bar with the burgees hanging in it. The Harbor room has a bunch of flags hanging in it. Weigh in will take place in the club's Trophy Room.

Info for parents – Weather permitting, we will be set up right outside the harbor. Sailing should be visible from Chandler Hovey Park (the one with the lighthouse). We will be using match racing results for scoring making it easy to follow along – www.matchracingresults.com

Parents are welcome to use the club over the weekend. Have them reach out to Joe Fava and we will get them a guest card for the weekend.

We look forward to a great weekend of racing. Please reach out if you need anything.
