

Site Notes:

We are guests of the club, please be mindful of the grounds and any events underway at the club.

Parking, Both Days:

Please park to the right of the circle as you pull into the front of the club, you can pull onto the grass behind the berm off the gravel there. If this area fills up you can park on the grass on the side of the driveway, we're leaving the paved lot open for catered events.

The restroom/locker rooms just behind the back steps of the club are open to us, but please keep your gear with you outside not left in the locker room.

On Saturday the tent on the lawn of the club is open to us for sailors between races.

For Sunday we will try to have pop-up tents on the decked area by the team storage lockers on the side of the building, they will be setting up for a catered event under the main tent.

Tides: this is a tidal venue with over a knot of current at times, be mindful of both while sailing and leaving or returning to the docks, at low tide rudders and boards may need to be raised to get all the way in or out. Or boats moved by hand if necessary don't sail into shallows unprepared. We will have sufficient water at the face of the docks all day for rotations though.

Saturday

Low Tide **8:23 AM** 0.63 ft

High Tide **1:43 PM** 6.19 ft

Sunday

Low Tide **9:05 AM** 0.63 ft

High Tide **2:22 PM** 6.35 ft
