

Venue:

We sail out of Morris Yacht & Beach Club on City Island

The address is:

Morris Yacht & Beach Club

25 City Island Ave

Bronx, NY 10464

Please remember that we do not own this venue. You are sailing at a private yacht club and should treat it as such.

- No ball playing on the lawn
- Don't use the swing set.
- Pick up after yourselves
- Keep all gear in your vans and not on the lawn or in the locker room
- Change in the locker room or in your van, not on the lawn or in the parking lot.

Please do not arrive until 8:45. We will not open the gate before then. There will be plenty of time before the skippers meeting to get rigged and changed before racing

Boats:

Our boats brand new as of this fall

A few things to note

- We have a rocky beach launch. You are going to need to get waist deep. Please don't put your rudder in until the boat is in the water and please don't put your rudder/centerboard down until you have cleared the beach. Likewise, on your way in, raise your blades so they don't scrape the rocks
- Please make sure your rudders are clipped into the stern clip
- All our boats have stern bumpers made from swim noodles. Please have them on whenever you are moving the boat. Hang them on the fence at the bottom of the ramp when you launch

Racing:

Rotation and RP forms will be on techscore. If you do not have a techscore login for your team, speak to our scorer and they will enter your RP for you at the end of racing.

Unmarked Rock

There is an unmarked rock near where we will hold racing. Please see the diagram on techscore
