

Additional Logistical Details for Team Race Day 3, May 18

Team Gear, Event Tent, Under the Clubhouse:

Teams should keep all team gear either in the Event Tent in the Boat Park, or on the Eastern Half under the club. The area in the breezeway, the tiki bar, and around the pool area should not be used as a “team space.” Additionally teams should refrain from keeping gear under the “Jr. Tent” at the rotation area. This is a temporary area for rotations only.

Second Floor Access:

The Second Floor Grille is for Regatta Officials ONLY. The Second Floor Balcony is for Coaches and Regatta Officials ONLY. This area is not an access point nor a passthrough into the club.

Please ensure parents, athletes, and spectators are aware of and abide by this rule.

Front Lawn:

Please do not move the Adirondack chairs from their places on the lawn.

Taking Care of Boats:

We have had issues with teams sailing too close to seawalls, and therefore hitting underwater rocks. Please abide by the 2-boatlength rule as discussed at the competitors meeting.

Finally, please ensure anyone affiliated with your team abides by these policies.
